FURNITURE.

In the month of March we told you about our arrangements with the Phœnix Furniture Company of Grand Rapids that enabled us to offer their entire line of goods at very favored prices. To-day we desire to inform you of another manufacturing company that we have added to our list of specialties, the Keene Furniture Company of Keene, N. H., makers of bedroom suites and tables. The class of goods they turn out is of a very plain sort, devoid of showy ornamentations. Their goods are generally sold by the trade as made to order or custom work, are solid, substantial, and at remarkably low prices. The materials used are Quartered Oak, Natural Cherry, and Natural Mahogany. An inspection will please you.
